3.4 Tournament Software

Since we will hold / manage all tournaments primarily via match-play events, we recommend registering (in advance) under <https://next.matchplay.events> or <https://matchplay.events/> (user attachment: first & last name, e-mail address). After receiving a mail (please also check spam / junk folder) then click on the link in it to confirm, DONE.

This would make various simplifications (e.g. on the smartphone insight who plays or has played against who on which device). Of course, the whole thing can also be used at other/future tournaments where the matchplay software is used.
